

Concrete Hopper

Concrete Hopper - The self-dumping hopper accessory could automatically activate to both dump and release as soon as the bumper release touches the side of a dumpster. After unloading is finished, the hopper can return to original upright and locked position. This particular piece of equipment even comes with a cable that enables operation from the seat of the lift truck to be able to have the alternative of manually dumping the hopper. There is a locking chain provided to secure the hopper to the tine truck. This particular product is made with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper likewise has a blue powder coat finish so as to maintain durability.
