

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every international trade. Transporting industrial goods happens each day on our industrious planet. Originally innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained recognition after WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread worldwide.

In nineteen forty nine, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply called TCM Corporation. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM started constructing lift truck manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes many models of industrial lift trucks with more than 50 years of accumulated technology and expertise, making their products used and recognized all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading business.
